July 2021

Thank you for choosing Austin to host the Government Financial Officers Association Annual Conference in June 2022!

Austin continues to be a special city where great ideas come to life. As you might already know, Willie Nelson came here to reinvent country music. Michael Dell reinvented the assembly line in his dorm room at the University of Texas. And John Mackey reinvented what grocery stores can be – all right here in Austin. Great ideas are created when people from all walks of life come together, and that’s what I hope will happen at your conference next year.

Additionally, I hope you will get a feel of our culture for Austin excellence! Amid the pandemic, major companies like Tesla and Oracle are choosing to locate in Austin. Austin is performing the best economically among the top 50 metropolitan areas and remains a city of possibilities. In the face of a global pandemic and economic recession- we continue to pivot and thrive. Innovation is at the heart of our city. It has always been clear, no matter what’s happening in the world, we will always remain Austin, TX.

Once again, we look forward to hosting you and know you will all have a great time and learn why Austin is a favorite national and international destination. See you next year!

Sincerely,

Steve Adler
Mayor
